Adoption Questionnaire

Please remember that adopting an animal is a **SERIOUS** commitment. Animals may take several weeks to months to settle into their new environment. They cost money and require lots of attention and love. Please, seriously consider your decision to adopt. Sadly, too many animals are adopted and returned simply because folks didn't think adoption through enough. We highly suggest that you research what is best for you and plan to participate in a training course so the adoption experience is a positive and lasting one for you and the animal you adopt. It is Great Babies Rescue's responsibility to place the animals that we rescue into an environment compatible with their needs and to ensure their adoption is in the best interest of both the animal and the adopter. As such, please answer all questions carefully and completely.
